

## RESOLUTION

**WHEREAS**, in the 2006 Budget process, the Stormwater Management Commission, hereinafter referred to as "SMC", submitted new program requests for two full time positions, a Full time Inspector and a Full time permit engineer; and

**WHEREAS**, during the budget process, a full time permit engineer and a part time inspector was approved; and

**WHEREAS**, the new positions were funded through a transfer from consulting services to salaries, resulting in a reduction in the consulting line from approximately \$250,000 in 2004 to \$125,000 in 2005; and

**WHEREAS**, SMC has now requested that the status of the part-time inspector be increased to a full time position; and

**WHEREAS**, SMC has proposed to fund this change in position status through unspent consulting and salary dollars for Fiscal Year 2006, totaling approximately \$125,000, and an agreed to reduction in the consulting line item for Fiscal Year 2007 and future years; and

**WHEREAS**, SMC staff does not anticipate submitting any new requests for these reduced funds; and

**WHEREAS**, if this change in position status is approved by the County Board, it is understood by SMC and Office of Management and Budget that any new program requests for consulting dollars will be reviewed in light of the agreed to reductions and are not anticipated to receive a positive recommendation during the budget process.

**NOW, THEREFORE, BE IT RESOLVED**, by this County Board of Lake County, Illinois that a change within the Stormwater Management Commission position allocation is approved to authorize a change in position status for a Part-time Inspector to a Full-time Inspector; and

**BE IT FURTHER RESOLVED**, that funding for the change in position status will be provided by a reduction in the consulting line item within the SMC budget.

**DATED**, at Waukegan, Lake County, Illinois on this 10<sup>th</sup> day of January, A.D., 2006.
