 - The ZBA and planning staff recommend an amendment that would encourage the protection of existing “fence row” vegetation around the periphery of new subdivisions; the Planning, Building and Zoning Committee recommends this protection be mandatory and additional landscaping be required for all new subdivisions of 25 acres or larger that abut other residential development.

Member Martini moved, seconded by Member Gravenhorst to amend the proposed lighting standards. The Chair called for a Voice vote on the motion. Motion carried unanimously. Member Martini moved, seconded by Member Sabonjian to split the Resolution. The Chair called for a Voice Vote on the motion. Motion carried unanimously.
