RESOLUTION

WHEREAS, Lake County currently offers a tax system data extract available for purchase at a cost of approximately \$8000 for the entire county (275,000 records) and at a cost of \$.05 per record for a portion of the data; and

WHEREAS, the current product does not meet the needs of different taxpayer/customers and is not complete enough to meet the needs of potential taxpayer/customers; and

WHEREAS, the Chief County Assessment Office will now offer a new product that will provide access to additional data fields in response to requests received and also meet the needs of those who will file Freedom of Information Act requests; and

WHEREAS, in order to recover costs associated with producing compact disks on demand for taxpayers/customers associated with the offering of this new product a fee of \$500 for a data file of the entire county, or \$50 per jurisdiction is proposed.

NOW, THEREFORE, BE IT RESOLVED, by this County Board of Lake County, Illinois, that the Chief County Assessment Office is authorized to charge a fee to taxpayer/customers of \$500 per compact disk with data of the entire county, or \$50 per jurisdiction per compact disk pursuant to data requests related to that office's data extract services.

DATED, at Waukegan, Lake County, Illinois on this 10th day of July, A.D., 2007.
