This Agreement is made and entered, by and between Lake County, a body politic and corporate hereinafter referred to as the "COUNTY", and the City of Waukegan, a municipal corporation within the boundaries of Lake County, hereinafter referred to as the "CITY".

WHEREAS, both the COUNTY and the CITY are governmental agencies of the State of Illinois vested with authority to protect and clean the environment and the groundwater; and

WHEREAS, the CITY has determined that there is a need for environmental remediation at the former Diamond Scrap Yard Site, South Lakefront Redevelopment Area in Waukegan, Illinois (the "Site") which will result in the protection of the environment and a clean groundwater supply for Lake County; and

WHEREAS, both the COUNTY and the CITY are authorized by the terms and provisions of the Intergovernmental Cooperation Act, 5 ILCS 220/5, to enter into intergovernmental agreements, ventures and undertakings to perform jointly any governmental purpose or undertaking either of them could do singularly; and

WHEREAS, the COUNTY is desirous of assisting with environmental remediation work to protect the environment and ground water supply of Lake County and has established the Lake County Brownfields Grant Program to this end; and

WHEREAS, through the Lake County Brownfields Grant Program, the COUNTY can provide assistance with environmental studies and cleanup activities related to the remediation of the Site to protect the environment and ground water supply of Lake County.

NOW THEREFORE, in consideration of the foregoing and the covenants contained herein, the parties hereby agree and covenant as follows:

1. The CITY shall present to the COUNTY an oral and written report describing the environmental remediation work for the Site.
2. The CITY will be responsible for contracting for the environmental remediation work and supervising the work.
3. The COUNTY will only provide funds for environmental remediation work for the Site.
